### THE NATIONAL FORENSIC LEAGUE

The National Forensic League is an honor society for high school debaters and orators, founded in 1925 to stimulate interest in interscholastic speech activity. By steady but conservative growth the original 24 chapters in 15 states expanded to 500 chapters in 40 states in May, 1936. This year a definite increase in chapters will be noted.

The League is supported, directed, and controlled in every particular by its own member schools and their elected representatives. It is a completely self-sustaining and self-governing high school organization.
